Our Service

Automated Invoicing
Easily generate rent or utility invoices for your tenants. Our system also generates rent invoices automatically based on the set date of rent payment you set for each tenant.

Easy Payments Tracking
Tenants receive invoices via SMS or email with a payment link. When payments are made you can easily track all of them in one place. Payments are channeled directly to your linked bank account or Paybill/Till.

Automated Reminders
Our system sends automated reminders to your tenants via SMS or email to make rent payments based on their invoice due date. This ensures that they are in sync with their due payments on time.

Marketplace
Get your properties for sale or rent listed on our marketplace and get clients and tenants from all over the country. Enjoy visibility to thousands of users online. It is easy and automated.
